SUBJECT: ACCESS TO TARACORP PROPERTY  
GRANITE CITY, ILLINOIS

DEAR MR. WEDDENDORF:

IN ACCORDANCE WITH YOUR MAY 14, 1985 REQUEST, WE HEREBY GRANT NL, THE USEPA AND THE ILLINOIS ENVIRONMENTAL PROTECTION AGENCY ACCESS TO THE SUBJECT PROPERTY PURSUANT TO SECTION E OF THE MARCH 1, 1985 DRAFT AGREEMENT AND ADMINISTRATIVE ORDER BY CONSENT.

AS YOU ARE AWARE, OUR PLAN OF REORGANIZATION IN CHAPTER 11 HAS NOT RECEIVED FINAL APPROVAL YET AND ALL ACTIONS SHOULD TAKE PLACE WITH THIS UNDERSTOOD. I HAVE DISCUSSED THIS LETTER WITH A REPRESENTATIVE OF THE LIENHOLDER ON THIS PROPERTY WHO HAS ALSO GRANTED APPROVAL AS TO HIS COMPANY'S RIGHTS.

VERY TRULY YOURS,

STANTON SOBEL  
EXECUTIVE VICE PRESIDENT

## ACCESS AGREEMENT

This access agreement is made and entered into this 20th day of July, 1987 by and between Terminal Railroad Association and NL Industries, Inc. (hereinafter "NL").

### RECITALS

1. Terminal Railroad Association owns certain real property located in Granite City whose legal description is Venice Township Sector SW 24-3-10. Said premises and any and all structures and improvements thereon will hereinafter be referred to as "the property".

2. NL, in cooperation with the Illinois Environmental Protection Agency (IEPA) and the United States Environmental Protection Agency, Region V (EPAV) is conducting a remedial investigation feasibility study for its former facility located at 16th and Cleveland Avenue, Granite City, Illinois. Part of this study requires NL to determine if ground water in the area has been adversely effected by former activities at this facility.

3. The IEPA, EPAV and NL have entered into administrative order by consent (hereinafter "consent order") requiring NL to place two monitoring wells, one on each side of its former facility. Sites were chosen by and approved by representatives of the IEPA, EPAV and NL. NL must obtain access procurement by July 17, 1987 and have the monitoring wells installed by July 31, 1987 to comply with the order.

4. The purpose of the access agreement is to grant NL access to the property under the terms and conditions contained herein in order to permit NL to fulfill all of its obligations under the consent order.

5. Terminal Railroad Association gives its consent to authorize NL, IEPA, the EPAV and the authorized employees, contractors or agents of NL, the IEPA and the EPAV, to enter the property for the purpose of installing, monitoring and inspecting flush mounted monitoring wells.

6. NL will be responsible for locating any and all underground utilities located on the property prior to the commencement of the drilling of the wells.

7. NL will provide a certificate of insurance to Terminal Railroad Association naming Terminal Railroad Association as an additional insured on the liability insurance procured by the installation contractor prior to the commencement of this project.

8. The installation and maintenance of the monitoring wells will be done at the expense of NL. Terminal Railroad Association will incur no expense for this project.

9. NL agrees to indemnify Terminal Railroad Association for any injuries or deaths to persons arising out of the installation, monitoring, maintenance or removal of the wells, ~~except those which are caused by the sole negligence of the Terminal Railroad Association.~~ *CSG, M3*

10. NL agrees to give Terminal Railroad Association reasonable notice of when NL or other authorized persons will require access to the property. ~~Terminal Railroad Association~~ *CSA M3*  
~~agree not to obstruct or interfere with any work or other activity undertaken pursuant to the consent order.~~

11. Terminal Railroad Association warrants and represents that it is the sole owner of the property and the

consent of no other person or entity is required to accomplish the purposes of this access agreement.

Terminal Railroad Association agrees not to sell, convey or otherwise grant to any person other than NL any interest in the property for such period of time as the access agreement remains in effect, unless such sale, conveyance or granted interest is made to this access agreement.

12. This access agreement shall become effective on the date the last necessary signature is affixed hereto and shall remain in effect until written notice has been sent to Terminal Railroad Association by NL that the consent order has been completely implemented and that all related activities have been completed. NL agrees to send said written notice in a timely fashion.

13. Terminal Railroad Association hereby acknowledge that this access agreement is entered into voluntarily and without coercion. Terminal Railroad Association represent that they have full authority to enter into this access agreement and that no other signatures are necessary to bind all those having an interest in the property.

14. This access agreement is binding upon and shall inure to the benefit of the heirs, successors and assigns of Terminal Railroad Association and NL and each of them.

IN WITNESS WHEREOF, the parties have executed this access agreement on and as of the date first above written.

Dated July 20, 1987.

ACCESS AGREEMENT

This access agreement is made and entered into this  
24<sup>th</sup> day of July, 1987 by and between

RECITALS

1. Mary Margaret Nonn owns certain real property located in Granite City whose address is 1638 Edison Avenue. Said premises and any and all structures and improvements thereon will hereinafter be referred to as "the property".

2. NL, in cooperation with the Illinois Environmental Protection Agency (IEPA) and the United States Environmental Protection Agency, Region V (EPAV) is conducting a remedial investigation feasibility study for its former facility located at 16th and Cleveland Avenue, Granite City, Illinois. Part of this study requires NL to determine if ground water in the area has been adversely effected by former activities at this facility.

3. The IEPA, EPAV and NL have entered into administrative order by consent (hereinafter "consent order") requiring NL to place two monitoring wells, one on each side of its former facility. Sites were chosen by and approved by representatives of the IEPA, EPAV and NL. NL must obtain access procurement by July 17, 1987 and have the monitoring wells installed by July 31, 1987 to comply with the order.

4. The purpose of the access agreement is to grant NL access to the property under the terms and conditions contained herein in order to permit NL to fulfill all of its obligations under the consent order.

5. Mary Margaret Nonn gives its consent to authorize NL, IEPA, the EPAV and the authorized employees, contractors or agents of NL, the IEPA and the EPAV, to enter the property for the purpose of installing, monitoring and inspecting flush mounted monitoring wells.

6. NL will be responsible for locating any and all underground utilities located on the property prior to the commencement of the drilling of the wells.

7. NL will provide a certificate of insurance to Mary Margaret Nonn naming Mary Margaret Nonn as an additional insured on the liability insurance procured by the installation contractor prior to the commencement of this project.

8. The installation and maintenance of the monitoring wells will be done at the expense of NL. Mary Margaret Nonn will incur no expense for this project.

9. NL agrees to indemnify Mary Margaret Nonn for any injuries or deaths to persons arising out of the installation, monitoring, maintenance or removal of the wells except those which are caused by the sole negligence of Mary Margaret Nonn.

10. NL agrees to give Mary Margaret Nonn reasonable notice of when NL or other authorized persons will require access to the property. Mary Margaret Nonn agree not to obstruct or interfere with any work or other activity undertaken pursuant to the consent order.

11. Mary Margaret Nonn warrants and represents that it is the sole owner of the property and the

consent of no other person or entity is required to accomplish the purposes of this access agreement.

Mary Margaret Nonn agrees not to sell, convey or otherwise grant to any person other than NL any interest in the property for such period of time as the access agreement remains in effect, unless such sale, conveyance or granted interest is made to this access agreement.

12. This access agreement shall become effective on the date the last necessary signature is affixed hereto and shall remain in effect until written notice has been sent to Mary Margaret Nonn by NL that the consent order has been completely implemented and that all related activities have been completed. NL agrees to send said written notice in a timely fashion.

13. Mary Margaret Nonn hereby acknowledge that this access agreement is entered into voluntarily and without coercion. Mary Margaret Nonn represent that they have full authority to enter into this access agreement and that no other signatures are necessary to bind all those having an interest in the property.

14. This access agreement is binding upon and shall inure to the benefit of the heirs, successors and assigns of Mary Margaret Nonn and NL and each of them.

IN WITNESS WHEREOF, the parties have executed this access agreement on and as of the date first above written.

Re: NL/Taracorp Site  
Off-Site Access Agreement

Dear Mr. Burnworth:

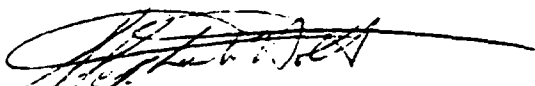

A signed copy of the "Property Owner's Consent to Soil Sampling Program", for the Terminal Railroad Association of St. Louis, is enclosed per your correspondence of October 27, 1986.

The sampling of off-site soils has been scheduled for the week of December 8, 1986. Accordingly, the two week notification letters should be distributed to the consenting property owners no later than November 21, 1986.

Upon distribution of the referenced notification letters, please forward a sample copy to my attention.

Your assistance in this matter has been greatly appreciated.

Very truly yours,

Stephen W. Holt  
Senior Environmental Engineer

PROPERTY OWNER'S CONSENT TO SOIL SAMPLING PROGRAM

My name is D. C. Weitzman and I am General Manager of Terminal Railroad Association of St. Louis. I have authority to grant permission and give permission to NL Industries, Inc., and its contractors to enter the property of Terminal Railroad Association of St. Louis and to take small samples of soil.

These test samples will be analyzed for all toxic metals, including arsenic, barium, cadmium, chromium, lead, mercury, selenium and silver. NL Industries would potentially be liable for any lead found on the property of Terminal Railroad Association of St. Louis.

It is agreed that Terminal Railroad Association of St. Louis will not be held liable for any injuries, damages or claims of any employee of NL Industries or its contractors arising out of the soil sampling on the property of Terminal Railroad Association of St. Louis.

On behalf of Terminal Railroad Association of St. Louis, I consent to the sampling. It is understood that Terminal Railroad Association of St. Louis will not pay for any of the sampling. NL Industries will not test upon any track structure unless Terminal Railroad Association of St. Louis flag person is assigned, at NL Industries' expense. All test areas will be returned to original condition by NL Industries immediately after samples are taken to the satisfaction of Terminal Railroad Association of St. Louis. In addition, Terminal Railroad Association of St. Louis will be notified two weeks before the samples are to be taken.

Signed this 31<sup>st</sup> day of October, 1986. Entrance upon Terminal Railroad Association of St. Louis' property for the reasons specified above is considered acceptance of the conditions specified above.

ACCEPTED:

NL INDUSTRIES, INC.

Re: NL/Tara Corp. Site  
Granite City, Illinois  
Off-Site Access

Gentlemen:

NL Industries acknowledges the efforts of the United States Environmental Protection Agency, Region V, in procuring access to three properties as reported by Mr. Bradley on October 8, 1986. Presently it is anticipated that one additional sample location will be included with those locations itemized by Mr. Bradley. Location number 19, on properties owned by the Terminal Railroad Association of St. Louis, may be included in the sampling activities, as evidenced by the attached correspondence from NL's local counsel, Michael G. Burnworth.

In accordance with previous discussions with Mr. Brad Bradley and Mr. David Payne of Region V, sampling activities will be scheduled to commence two to three weeks, after a favorable evaluation of O'Brien & Gere's proficiencies is received from Mr. Payne. This provides for the two week notification to off-site property owners in accordance with access agreement conditions.

**NL Industries, Inc.**

Mr. Brad Bradley, USEPA  
Mr. Ken M. Miller, IEPA

October 21, 1986  
Page 2

Due to the above conditions, being beyond the control of NL Industries or its contractors, and the appropriate provisions of paragraph 31.(a) of the Order, order mandated time frames will recommence 14 days from receipt of a favorable determination of O'Brien & Gere proficiencies, as requested by Region V.

Upon receipt of the above determination, NL will endeavor to expedite sampling activities in order to avoid any possibility of further delay due to potential unfavorable weather conditions, such as a hard freeze condition which would prohibit the procurement of off-site soil samples.

Please do not hesitate to contact me at (609)443-2405 if you should have any questions regarding the above.

Very truly yours,

Stephen W. Holt

RE: City of Granite City v. NL Industries

Dear Mr. Holt:

Enclosed please find the Releases sent to me by Mr. Gilbert, Chief Engineer of Terminal Railroad Association of St. Louis. He requested that they be dated, signed, witnessed and returned to his office. Please keep a copy for your records. Also enclosed, please find my Affidavit regarding the property owned by Greta Brown at 1733 Spruce Street in Granite City, Illinois.

I have also spoken with Lydia Kachigian at Granite City Steel regarding the consent forms dealing with Granite City Steel, a division of National Steel. She informed me that Granite City Steel and National Steel are the same. The consent form covers all property asked to be sampled. In addition, she stated that she had been contacted by the EPA regarding this distinction and explained to them that they were the same company.

I will prepare the form letter regarding the dates of the sampling. Once I receive word from you of the exact dates, the letters will be able to be printed and sent out on schedule.

Very truly yours,

*Michael G. Burnworth*

COUNTY OF ST. CLAIR                )

I, MICHAEL G. BURNWORTH, do hereby depose and state:

1. That I have received a letter from Keith Pedigo, Loan Guarantee Officer of Chicago Regional Office of Veterans' Administration, which owns property at 1733 Spruce Street in Granite City, Illinois.

2. On behalf of the Veterans' Administration, Keith Pedigo has granted consent to NL Industries to enter the property and sample soil, but advising that I would also have to obtain permission from Greta G. Brown, who resides on the property as contract-purchaser.

3. On May 2, 1986, I visited the home of Greta G. Brown at 1733 Spruce Street, Granite City, Illinois. She informed me that she would not sign a consent form to grant permission or deny it. She does not want to become involved in this matter.

SOIL SAMPLE LOCATION

OCT - 8 1986

SHE-12

Mr. Stephen W. Holt  
Environmental Control Department  
NL Industries, Inc.  
P.O. Box 1090  
Hightstown, New Jersey 08520

Dear Mr. Holt:

Enclosed with this letter are three signed access agreements obtained by U.S. EPA. U.S. EPA approves the efforts of NL Industries, Inc. to obtain access to properties that are not within its ownership or control. NL Industries has thus fulfilled the requirements of Paragraph 11 of the Consent Order.

The soil analytical program hereby approved includes the nine offsite alley soil sampling locations and soil grid sampling locations #1 through #11, #13 through #16, #18, #20 through #31, #33, #35, and #36. The changes in Table 2 and Table D-2 of the workplan necessitated by this approval are that the number "72" in the columns across from the "Soils Grid" sample site should be "62" and the number "11" in the columns across from the "Off-Site Removal Areas" sample site should be "9".

U.S. EPA encourages NL Industries to continue its efforts to secure access to the remaining soil grid sampling locations and to sample the two offsite lots if access gained is sufficient to do so; however, the soil analytical plan is approved as described above. If you have any questions concerning this letter, please contact me at (312)886-4742.

Sincerely yours,

Brad Bradley, Remedial Project Manager

PROPERTY OWNER'S CONSENT TO SOIL SAMPLING PROGRAM

My Name is Louis Mecava. I own property located at 1118 State Street, Madison, Illinois 62060. I give permission to NL Industries, Inc., and its contractors and subcontractors to enter the property and to take small samples of the soil. I understand that these samples of soil will be taken from both the front yard and back yard of the property. I consent to the removal of the samples. I understand that I will be notified two weeks before the samples are taken. I will not pay for any of the sampling. I do not accept any liability.

I have read this document carefully, understand it, and have signed this document as my own free act.

Signed this 23 day of August, 1985.

Louis Mecava  
Owner

I do not give permission to NL Industries, Inc. to enter my property and take samples of the soil.

PROPERTY OWNER'S CONSENT TO SOIL SAMPLING PROGRAM

RE: Offsite access Granite City Site on behalf of NL Industries

Dear Mr. Bradley:

Enclosed please find a Property Owner's Consent Form signed by Dorothy Wise denying permission to enter her property. This is the only other consent form we have received after sending a third letter to those who had not responded to our previous request on September 26, 1986. If any more are received, I will promptly forward them to you.

Very truly yours,

*Michael G. Burnworth*

PROPERTY OWNER'S CONSENT TO SOIL SAMPLING PROGRAM

My Name is Louis Mecava. I own property located at 1118 State Street, Madison, Illinois 62060. I give permission to NL Industries, Inc., and its contractors and subcontractors to enter the property and to take small samples of the soil. I understand that these samples of soil will be taken from both the front yard and back yard of the property. I consent to the removal of the samples. I understand that I will be notified two weeks before the samples are taken. I will not pay for any of the sampling. I do not accept any liability.

I have read this document carefully, understand it, and have signed this document as my own free act.

Signed this 28 day of July, 1985.

Louis Mecava  
Owner

I do not give permission to NL Industries, Inc. to enter my property and take samples of the soil.

RE: Your property located at 1201 Iowa Street,  
Granite City, Illinois

Dear Sir:

Previously you have received letters requesting your permission to obtain soil samples from your property. You are advised that your permission is needed before technicians working for NL Industries and its contractors could enter your property to take these samples. There is no obligation on your part to consent to this request. However, it is necessary that we receive some response from you whether you will grant permission or deny it.

For your convenience we have enclosed a consent form which we ask that you fill out indicating your intent to grant permission or deny it. A self-addressed, stamped envelope has been provided for you to return this consent form to us. Please respond as soon as possible. If you have any questions, please do not hesitate to call.

Very truly yours,

Michael G. Burnworth

PROPERTY OWNER'S CONSENT TO SOIL SAMPLING PROGRAM

My name is LYDIA KACHIGIAN  
and I am LEGAL AFFAIRS INTERN of Granite City  
(position)  
Steel Division of National Steel. I have authority to grant  
permission and give permission to NL Industries, Inc. and its  
contractors to enter the property of Granite City Steel and to  
take small samples of soil.

I understand that the sampling will be accomplished  
according to the following procedures: A disposable three-quarter  
inch diameter Lexan<sup>R</sup> core capable of a verticle penetration  
into mineral soil three inches deep, shall be used to extract the  
four three-inch deep core sub-samples. The composite samples will  
consist of all four sub-samples placed in the same sample container.  
A new Lexan<sup>R</sup> core will be used to collect samples at the same  
locations representing soil three inches to six inches below the top  
of the mineral soils.

The sample shall consist only of mineral soil. If sod  
layers are encountered, such as grass, remove the vegetative sod  
material by dissection using a scalpel. Discard the scalpel blade  
and replace with a clean blade after sampling at all four (4)  
subsites.

These test samples will be analyzed for all toxic metals,  
including arsenic, barium, cadmium, chromium, lead, mercury,  
selenium and silver. NL Industries would potentially be liable for  
any lead found on the property of Granite City Steel.

It is agreed that NL Industries will split the samples taken from the property of Granite City Steel with Granite City Steel.

NL Industries agrees to provide Granite City Steel with a copy of the worker's compensation policy indicating that at the time of sampling, NL Industries carries worker's compensation insurance, and that any and all employees of NL Industries entering upon the property of Granite City Steel are covered by this policy. NL Industries will provide a copy of this policy within 48 hours of the sampling. It is further agreed that NL Industries will provide worker's compensation insurance information regarding any employees of O'Brien and Gere who will be on the property of Granite City Steel for the purposes of soil sampling. NL agrees to provide a list of all personnel who will be performing the soil sampling at Granite City Steel to Granite City Steel within 48 hours of the sampling.

Employees of NL Industries and O'Brien and Gere must sign in and obtain a pass from Granite City Steel prior to entering upon the premises.

NL Industries will provide Granite City Steel with a copy of the results of the sampling.

It is agreed that Granite City Steel will not be held liable for any injuries, damages or claims of any employee of NL Industries or O'Brien and Gere arising out of the soil sampling on the property of Granite City Steel.

On behalf of Granite City Steel, I consent to the sampling. It is understood that Granite City Steel will not pay for any of the sampling. Granite City will be notified two weeks before the samples are to be taken.

The soil sampling is scheduled to commence in September, 1986.

Signed this 26<sup>th</sup> day of August, 1986.

Enclosure

I, Lieutenant Colonel Robert A. Fortin, Commander of the St. Louis Area Support Center, commanding property located at Venice Township, Sector NW 24-3-10 grant permission to NL Industries, Inc., and its contractors to enter the installation to take soil samples. Soil samples should be approximately two inches across and no more than three inches deep. No more than eight samples will be taken.

NL Industries and its contractors will provide a minimum of two weeks notice to the Commander of the date and time of the sampling.

NL Industries and its contractors will assume liability for any and all injuries and damage caused by their presence on the installation. NL Industries and its contractors further agree that they may be ordered off the installation or barred from the installation by the Commander for any reason during and prior to the sampling period.

There is no obligation on your part to consent to this request. However, it is necessary that we receive some response from you whether you will grant permission or deny it.

For your convenience we have enclosed a consent form which we ask that you fill out indicating your intent to grant permission or deny it. A self-addressed, stamped envelope has been provided for you to return this consent form to us. Please respond as soon as possible. If you have any questions, please do not hesitate to call.

Very truly yours,

Michael G. Burnworth
